Sprint Review 2

- Features Implemented:
  - UI updated to have a login page
- Issues Fixed:
  - N/A
- Implementation Review (What went well in the implementation, what problems occurred, how problems were solved):
  - We focused a lot on getting the UI started and making our Use Case diagrams for the project which everyone was able to contribute to and everyone was able to get done efficiently.
- Changes Made:
  - Project documents updated for sprint 2
  - Added User Story 1 to KanBan board (IP)
  - Updated UI
- Plans for next sprint:
  - Begin more feature implementation to complete one of the user stories
  - More documentation for updated sprint
- Scrum Review:
  - Everyone was able to get their tasks done in a timely manner and communication of who was doing what went very well
  - We will want to do more with Software implementation instead of focusing a lot of time on documentation
